

Shower Trolley

Designed to provide transport to and from the showering area, these mobile Shower Trolley models feature a foam padded PVC liner for added patient comfort, a linked wheel system with central locking and steering facility, as well as fold down side support rails for patient transfer. The Junior model has an overall length of 160cm and both the Standard and Junior models are available with a rechargeable battery option as an alternative to the hydraulic height operation.

Models

ST7700	Standard hydraulic
ST7800	Electric with Rechargeable battery
ST7600	Junior hydraulic
ST7500	Junior electric with Rechargeable battery

Model ST7700
