

Allevia[®]Sense

Suitable for high to very high risk residents

This mattress uses a dynamic mattress system with alternating cells for pressure relief. The cells are 18 cm deep to provide deep immersion, and the heel slope is created by lower heel cells. The auto weight pump features an adjustable comfort setting with the option of constant low pressure therapy. This mattress also features an ultra rapid CPR valve.

Cell in cell – cell within the main cell remains full of air in the event of power loss or transport function

Size	2000 x 900 x 190 mm (79 x 35 x 7.5") 2000 x 1050 x 190 mm (79 x 41 x 7.5")
